Teree Hayden's Insight

What a God! What a God! - To me it means God's power and glory in display! ..." We heard the Shout of the King loud and clear enough to ring in our ears and to stir our hearts with shaking for enlightenment, understanding, and transformation. However, there are three outstanding Shouts that are impactful enough that will help us move forward with determination and excitement.

First is the FEAR OF THE LORD. Pastora Linda emphasized this posture because from it, all our actions will SURELY and FIRSTLY be for God's glory.

Secondly, is to COME UP HIGHER. Generally, we are attached to our senses. That's why we struggle to come up higher. We are so attached to our senses. We don't need our senses in the higher realm. We don't need our physical senses in the spirit. We only need to bring ONE THING to go up, OUR FAITH, WHICH IS OUR TRUST IN GOD.

Third is our RELATIONSHIP with God. We should be engaged with Him. Engagement is a preparation for the wedding. We should know our GROOM-to-be intimately enough so we will never fall out of love in the course of our relationship.
